Education

Guru Gobind Singh Indraprastha University, B.Tech in Computer Science

Rohini, New Delhi

CGPA: 8.8 / 10.0

2022 – 2026

Technical Skills

- **Languages:** C++, C, Java, JavaScript, SQL
- **Frameworks & Libraries:** Next.js, React, .NET, Prisma
- **Databases:** PostgreSQL, MySQL
- **DevOps & Cloud:** AWS, Docker, Kubernetes

Projects

- **AI-ShortsGenerator** 2 Months
 - Evolved an AI-powered tool to generate short-form video scripts automatically, streamlining content creation.
 - Integrated OpenAI's API for natural language generation and built a responsive UI, achieving 25% faster load times through optimized rendering.
 - Deployed on Vercel with CI/CD, increasing deployment efficiency by 30%. Project available at aiproject-woad.vercel.app.
- **SmartFinance** 1 Month
 - Created an AI-powered expense tracking app that automatically categorizes and analyzes spending patterns, improving financial decision-making.
 - Saved users an average of \$100/month through AI-driven insights on spending limits, boosting user savings by 20%.
 - Implemented automated bill payment schedules, reducing late payments by 15% for over 100 users, with a 40% improvement in transaction processing speed.

Professional Experience

Full Stack Developer

June 2024 – August 2024

- Achievements Management Website (Under College Dean)
- Developed a user-friendly web interface for managing achievement records, enhancing accessibility for faculty and students.
- Streamlined data entry and improve retrieval for faculty and students by 40 %.
- Collaborated with stakeholders to ensure seamless integration of legacy data into the new system
- Utilized modern frameworks and technologies (e.g., React, Node.js, MongoDB) to build a scalable and secure application.
- Documented technical specifications and user guides to facilitate ongoing maintenance and future enhancements.
